Description

Please describe details of the proposed development or works including any change of use

This application is a Change of Use request - Island Fish Ltd is a successful local business that currently supports three local families and up to 7 members of staff all working within the realm of the fishing - one of islands most traditional and respected local industries. Over the last 9 years Island Fish has gone from strength to strength by focusing on its unique selling point, quality of service and on meeting the needs of its customers - it has been a winning combination. And it is from a desire to meet the needs of our customers that this Change of Use has come about - Island Fish currently has a planning restriction that prohibits the use of the building for anything apart from the processing and retail of fish/shellfish. Island Fish would like to request the removal of this restriction and the re-designation of the building to that of mixed used. To be clear Island Fish has no intentions of preparing or retailing anything other than fish/shellfish as this is the nature and brand of our business - and it works! However we would like to meet the needs of customers by allowing them to purchase on the premises a bottle of wine or a beer to enjoy with their seafood - and in order to do (and prior to going to licensing) this we need to ask for a change of use designation to a building that has a mixed use.
