Hi Andrew,

Thanks for your email.

As requested I have attached four images of the trees in question.

To add context to the request – the 2 chestnut trees (image Trees 1 attached) this work was never completed to my knowledge when the planning was first applied for a few years ago. There are branches now getting lower and close to properties and when in leaf the amount of light in the garden is restricted.

The trees on the driveway bordering the neighbouring property (images 2-4) were cut back several years ago and they are now grown again to the extent that they are forcing vegetation in front of them to grow towards and over the roadway alongside the estate car park.

In the case of all trees mentioned I don't foresee the need for drastic work to be done.

Please let me know if you need any further details.

Kind regards,

Peter Jackson
Estate Manager – Hannover Court
