Waste Management Plan for Trench Lane TR21 0PA

Existing Measurements will not change after construction:

Width 3850mm (external dimension)

Length 4300mm (external dimension)

Source of Building Materials

Travis Perkins Building Supplies

Unit 18, Poniou Road

Long Rock Industrial Estate

Penzance

TR20 8HX

Before construction, I will get an approved contractor to check if the corrugated concrete sheets are asbestos. If so, I will get the approved contractor to dispose of them. If not, I will recycle where possible. Alternatively, they will be disposed of at Porth Melon Waste and Recycling site; along with the excavated stone.

All other existing materials will remain the same.
