Consultee Name:

Thank you for consulting Environmental Health on this application for the temporary use of field for construction site welfare facilities and the storage of materials in conjunction with planning ref P/24/006/FUL.

Based on the Construction Environmental and Ecological management Plan (CEEMP), EH has no comment on the measures in place to manage control/minimise any potential nuisance caused from the site.

We note on the Proposed Plan document, that there is a toilet and canteen on site. Can it be confirmed if these are having access to the mains water/sewerage? If not, please ensure that the appropriate measures are put in place to ensure water access & proper waste disposal.
