

A number line from 0 to 10. The segment from 0 to 5 is divided into five equal parts, each containing a black bar. The segment from 5 to 10 is a single solid black bar.

Check all dimensions on site prior to project commencement. This drawing must be read in conjunction with all other drawings, details and specifications issues. Discrepancies between this and other drawings, details and/or specifications must be referred to the issuer.

A line drawing of a two-story house with a gabled roof. The roof is covered in a pattern of small squares, representing shingles. The house has five arched windows: three on the second floor and two on the first floor. Each window has a decorative arch above it. The central door on the first floor is also arched and has a decorative arch above it. The house is surrounded by a fence with a central gate. The drawing is in black and white, with no shading or color.

This is a detailed architectural elevation drawing of a two-story house. The house features a gabled roof with a pattern of small squares representing shingles. The exterior walls are finished with a stone masonry pattern, consisting of rectangular blocks arranged in a staggered fashion. On the ground floor, there is a double door with a semi-circular arch above it, and two single windows with semi-circular arches. The second floor has two similar arched windows. To the right of the main house, there is a small section of a fence or wall with a decorative post and a small arched window. The entire drawing is rendered in black lines on a white background.

An architectural elevation drawing of a two-story building. The building features a gabled roof with a brick pattern. The main walls are constructed from irregular stone blocks. There are four arched windows, two on each floor, each with a decorative stone arch and a grid of panes. A small fence with a decorative post is visible on the left side of the building. The drawing is a black and white line art.
