Gillian Arbery, M.A. MRTPI., Assistant
Planning Officer, (Conservation) FMW.

Ext. No.
135

matter is being dealt with by

Mr Michael Gray,
The Bank,
St. Mary's,
Isles of Scilly.

Dear Mr Gray,

28th August, 1997.

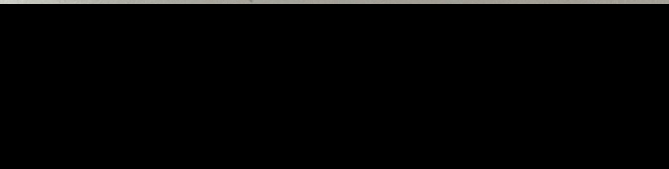

P3360 'Michael Gray', The Bank, St. Mary's. Alterations to provide three flats.

Following our recent meeting at your property on 19th August, 1997, I am writing to confirm that sufficient works have taken place to constitute the implementation of the planning permission, P3360, granted on 6th October, 1992.

I can also confirm that the alteration in level and insulation of the floor and ceiling on the ground and first floor have a negligible impact on the fabric and character of the listed building and in my opinion would not necessitate a further application for Listed Building Consent.

Please note that an application under the Building Regulations must be submitted for the proposed works, as per Mr. Carruther's letter to you in March 1996.

Yours sincerely,

for Don Nicholass-McKee.
Chief Planning Officer.
